AREA OF EXPERTISE

- Content Creation
- Video Editing
- Frontend Developer
- Graphic Designer

Driven content creator with expertise in video editing, graphic design, and front-end development. Skilled at transforming ideas into engaging, visually appealing content across digital platforms. Committed to delivering high-quality, user-friendly designs that align with brand goals and resonate with audiences. Eager to continuously enhance skills and contribute to impactful, creative projects.

EXTRA-CURRICULAR ACHIEVEMENTS

During my senior high years at Moreh Global Innovative College – School of Righteousness and Excellence, I earned multiple awards that highlighted my dedication and academic performance. I was recognized "With Honors" for academic excellence, awarded "Best in Work Immersion" for outstanding performance in practical experience, and received "2nd Best in Thesis" for demonstrating strong research and presentation skills.

- Graduated **With Honors** from Moreh Global Innovative College – School of Righteousness and Excellence
- Awarded **Best in Work Immersion** for exceptional performance in practical experience
- Received **2nd Best in Thesis** for excellence in research and presentation skills

SKILLS AND INTERESTS

IT Skills: Skilled in front-end development with knowledge of key technologies for building responsive, user-friendly websites. Capable of assembling a computer with basic hardware knowledge, covering about 50% of hardware configuration and setup.

Interests: Passionate about web development and computer technology. Enjoys hands-on projects that enhance technical skills and staying up-to-date with industry trends in design and hardware.
